

KAREN SIMPSON PHOTOGRAPHY

Weddings

Hello there!

I want to say congratulations on your engagement! A wedding takes a lot of planning which includes time, patience, and even some creativity on your part. What you need to keep in mind is that all of the hard work will be worth it in the end. You will have a beautiful day that you will remember and hold close to your heart for the rest of your lives.

When you Karen Simpson Photography you will learn that my goal is to capture all of the emotions of your wedding day. After the long planning process, it is up to me to capture in images the beautiful bliss of your special day. I will work tirelessly and passionately from the beginning of the day to the end to capture your day.

Wedding photography should be considered an art. This is something that I truly believe in. As a photographer at a wedding I believe that I should be everywhere throughout the day without being seen or even being felt. I like to have an invisible presence while capturing the moments of your special day. Yes, wedding photography is an art and this practice is what makes it an art.

When you sit down and open up a wedding magazine there are many things that should make you say wow! The photographs that you see should capture many different aspects of a wedding day. You should be able to see and feel the different emotions from the family members, be able to imagine the interactions of all of the guests just like you were mingling with them and last but not least the wedding couple should have their most beautiful and memorable moments captured in photographs that will last forever.

It is my job to help you and your family remember every detail of your beautiful wedding day. This day is one of the most special days of your lives together. It is important that every blissful moment be captured in time. This is why I am here.

It is my pleasure to be a part of your special day and I look forward to being the photographer at your wedding.

What to expect

Once you choose me I will begin by learning as much about you as possible. First thing would be to schedule a meeting at a time that works for you best. You can come over and visit me at my garden studio. This meeting will allow us to get to know each other and see if we're a good fit. I love to meet my clients beforehand so we can both develop a great rapport before your special wedding day. As soon as we have a date fixed for your wedding day shoot we can begin planning engagement or family shoot should you wish to do those. It's such an exciting time in your life and I want to make sure that I am able to learn about your photography needs and desires so that I can deliver the best memories for you to cherish for a lifetime!

On your big day I will arrive at your wedding location and begin scouting the venue to take detail shots prior to the ceremony. As the day progresses I will ensure that I cover all the photographs planned on our timeline beginning from the couple getting dressed all the way to your reception and everything in between. In the days following, I will edit photos, post some teasers, and also upload your photos to an online gallery so that you can share them with all your family and friends. We will also begin preparing any products you wish to order including albums, prints, wall art etc. It's truly my goal capture your wedding day memories in the best light possible so that you can cherish these moments for a long time to come!

DON'T
WORRY BE
HAPPY

Timeline

It is important to have a list of who you want to have photographed at the wedding. However, I have also seen some lists that are so long and detailed that it is impossible for me to figure out who belongs to who. On the other hand, I have also seen lists that are very short and sweet. Lists such as this usually only included people who were very important to the bride and groom.

Here is a sample timeline of wedding that will help to give you an idea of what you can expect:

- Getting ready pictures of bride & groom.
- The first look of bride & groom (if wanted)
- At the venue with the bridal party
- The bride's family
- The groom's family
- The wedding ceremony
- Bridal party photos at a different location
- The bridal party enters reception
- Reception dinner, any speeches and/or toasts
- The cake being cut
- The first dance of husband and wife
- Any additional photos such as the sunset

A romantic wedding photograph of a couple in a diamond-shaped frame. The man, on the left, has a short haircut and is wearing a grey suit jacket over a white shirt. The woman, on the right, has long blonde hair and is wearing a white lace wedding dress with a veil. They are both smiling and looking at each other, with their foreheads touching. The background is dark and out of focus, showing some green foliage. A dark grey rectangular box with a thin gold border is centered over the image, containing the word "PRICES" in a gold serif font.
